## PERSONALISED LEARNING LESSON SCHEDULE

### Key features of Personalised Learning:

- ✓ Tutor can focus on the specific area the students is struggling with.
- ✓ In line with specific school's syllabus
- ✓ Academic support can be provided immediately if the student has missed out on certain topics at school
- ✓ Immediate and direct coaching can have a profound impact on student's performance and confidence.
- ✓ Tutor can help students improve exam-techniques (eg : time management, treatment of exam questions)
- ✓ Eliminate the fear of asking questions

A small and intimate setting where teachers work closely with individual students to address their needs.

Perfect for students who prefer a more customised approach that gives them the flexibility to learn at their own pace, clarify any doubts and to focus on any topics of their choice.

Similar to private tuition, Personalised Learning is conducted in a small group setting that translates to a lower price without compromising on the quality of individual, targeted guidance.
